MOS ESPA PODRACE™

STAR WARS

THERE'S SOMETHING ABOUT THIS BOY

The Phantom Menace offered a long-awaited glimpse into the events that shape Anakin Skywalker's path. From Tatooine slave to the Emperor's enforcer, Anakin's ambition and unparalleled mastery of the Force inevitably propel him to gruesome greatness. But in this story, we see how, as a young boy, he is driven by a profound sense of integrity, justice and love. In his first encounter with Qui-Gon Jinn, his destiny takes a turn, and the fateful race at the Mos Espa Podrace circuit earns him a ticket to freedom.

"Remember. Concentrate on the moment. Feel. Don't think. Trust your instincts."
– Qui-Gon Jinn

75380 Mos Espa Podrace™ Diorama

The LEGO® *Star Wars*™ Diorama Collection is inspired by and dedicated to *Star Wars* fans and our favourite defining moments in the saga. In this case, both these Podracers have earned their spot in our brick-built Hall of Fame. So, pick your prize, place your bets and start your engines.

Enjoy building!

Jens Kronvold Frederiksen
Creative Director, LEGO® *Star Wars*™

"I'M BUILDING A PODRACER." - ANAKIN SKYWALKER

The Boonta Eve Classic at the Mos Espa Grand Arena is the largest Podrace on Tatooine, with competing racers, spectators and gamblers swarming in from all corners of the Outer Rim. This set freezes the frame as Anakin and defending Boonta Eve champion, Sebulba,

dart through the dusty Arch Canyon, neck and neck. Guided by Qui-Gon Jinn, who has already confirmed that Anakin's midi-chlorian count is "off the charts", Anakin begins to sense the Force and ultimately defeats the sullen Sebulba.

SEBULBA'S IN THE LEAD...

A conniving Outer Rim hustler with an oversized ego, Sebulba has fitted his Podracer with Collor Pondrat Plug-F Mammoth Split-X engines. This allows him to reach speeds of up to 829 km/h (515 mph). Dirty tricks and illegal flame-throwers usually give him a competitive edge.

FOLLOWED CLOSELY BY SKYWALKER!

Anakin may never have won, or even completed, a race before. But he's good at building things. His blue-and-silver Radon-Ulzer Podracer, modified with a new fuel atomizer and distribution system, can reach up to 950 km/h (590 mph).

Blink, and now you won't miss the action. You can recreate and relive this epic scene in your own time.
